

BEST VACCINE SOFTWARE IN THE MARKET TODAY!

Our software cuts down on manual entries after a vaccine has been administered, allows efficient tracking with pre-populated information and the data is captured digitally.

Our software can instantly adjust events, appointments, and length of time slots available. The program provides a friendly dashboard to view phases of each participant (i.e. eligible for appointment, waitlisted, received first dose, auto-schedules second dose at time of appointment and Vaccination Passport). Cohesive and efficient on demand reporting is available and formatting is easy to export to send to state and federal government.

**NO UPFRONT FEES,
PRICING IS MODELED ON A PER-VACCINE ADMINISTERED.**

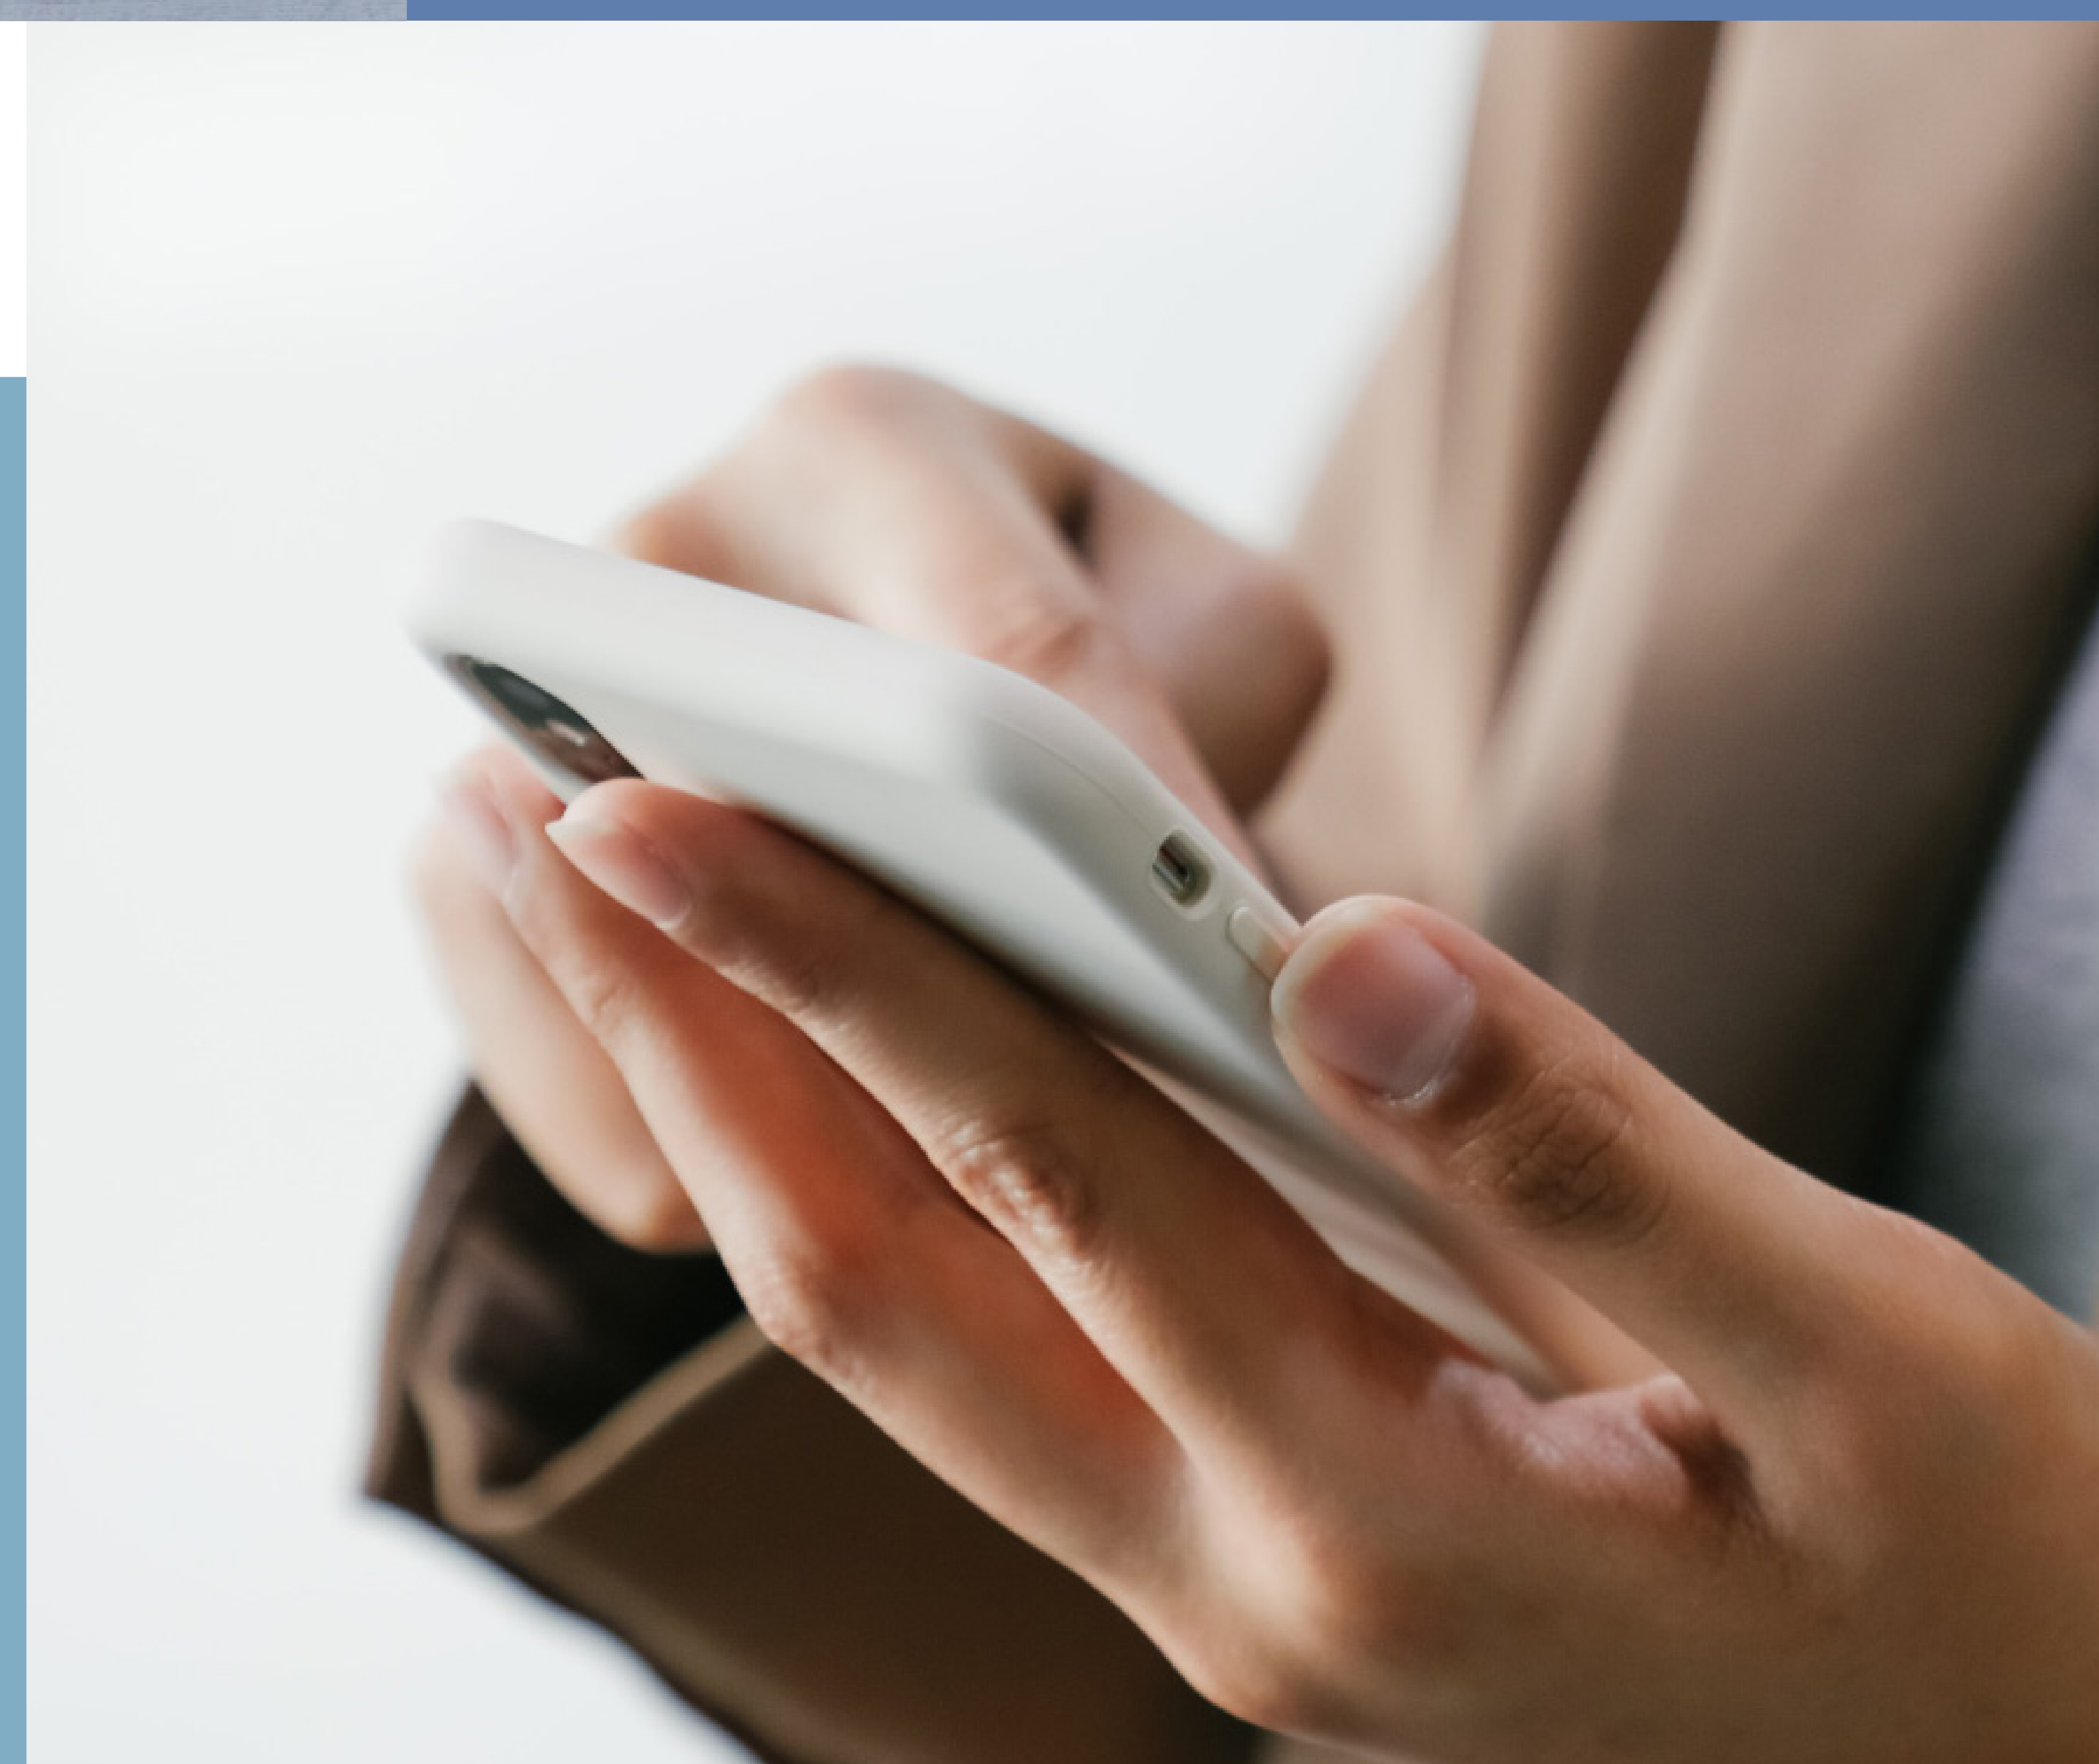

Software Demos are available 7 days a week and provide all the information you need in less than 30 minutes.

THE BEST VACCINE SOFTWARE AVAILABLE

4 REASONS WHY:

1. Decreases data entry and maximizes accuracy.
2. AWS Cloud government server allows unlimited bandwidth.
3. Real-Time scheduled appointments and vaccination tracking.
4. Reports are secure and sent directly to health officials.

PARTICIPANT BENEFITS

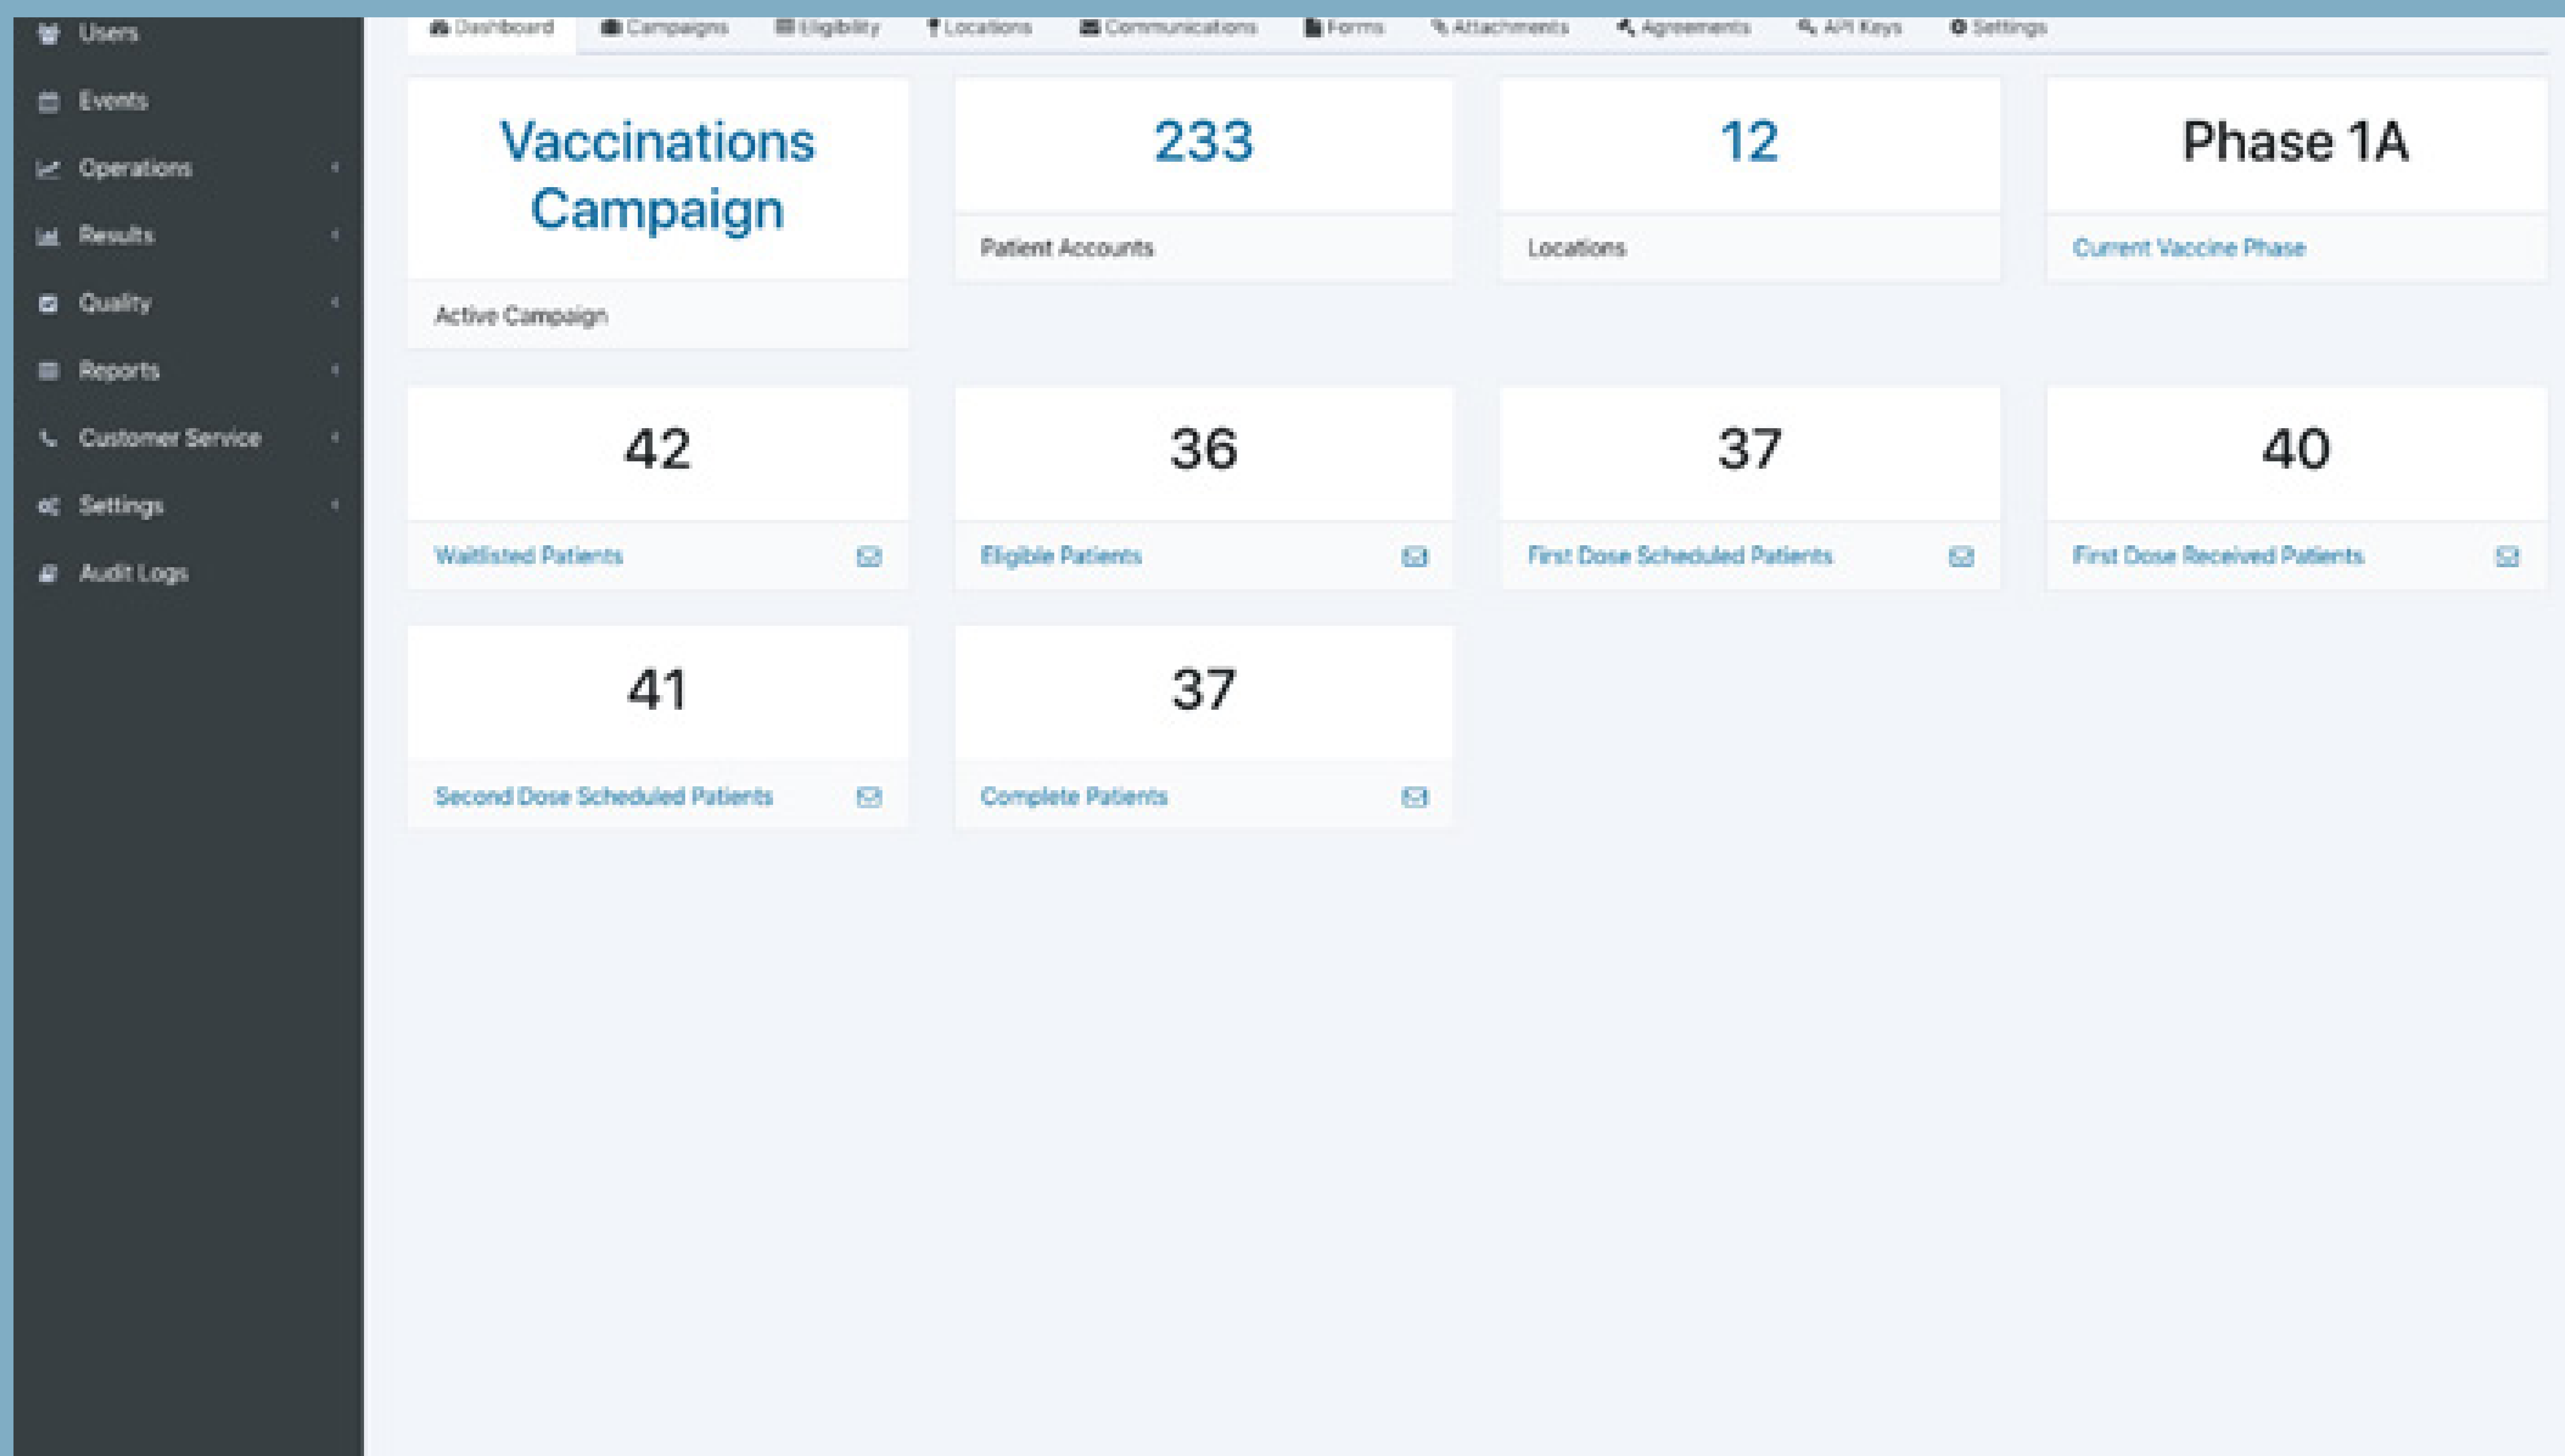

- No passwords required
- Communication through email or text message
- Provides the most convenient location to schedule an appointment
- No hardcopy paperwork
- On Demand copy of CDC "Vaccination Passport"
- Ability to schedule second appointment at the time of receiving initial vaccine.

ADMINISTRATOR DASHBOARD

Our system allows you to send out a mass email to all your waitlisted patients.

The dashboard can be organized based on events, appointments, and time slots available.

It's easy to access and maneuver through, providing all necessary details for each vaccination location and appointment.

PATIENT PORTAL QUE:

Name	MPI#	DOB	MF	SL/Quit	Status	Next Step
Mae Anderson	00180-08001	08/05/1949	M	1:00 PM - now	Waiting 8 min	Vaccination
Jerica Armstrong	00180-08002	08/22/1968	M	1:00 PM - now	Ready in 11 min	Observation
Morgan Armstrong	00180-08004	08/25/2000	M	1:00 PM - now	Waiting 8 min	Vaccination
J b	00180-08005	01/01/1968	M	1:00 PM - now	Ready in 14 min	Observation
Judson Barrows	00180-08006	10/25/1969	F	1:00 PM - now	Waiting 8 min	Vaccination

The patient portal que organizes all patients that have checked in and displays details about their appointments.

The vaccination form includes the following fields:

- COVID-19 vaccine NDC code: 80777-273-10: Moderna, 80777-0273-10: Moderna, 99267-1000-1: Pfizer-BioNTech, 99267-1000-01: Pfizer-BioNTech, 0310-1222-10: AstraZeneca, 00310-1222-10: AstraZeneca
- Who is the vaccine manufacturer? Moderna, Pfizer, AstraZeneca
- When does this vaccine expire? 9/1/2021
- What is the vaccine LOT number? 123
- Is this the first or second dose for the patient? First, Second
- Where was the vaccine administered on the patient's body? Left Deltoid, Right Deltoid

Vaccination form provided for each patient to fill out appropriate vaccine, manufacturer, expiration date, lot number, dose and where vaccination was administered.

This screen allows a nurse to schedule a second-dose appointment for a patient. It displays available appointment slots for various locations, including Green Institute, Dickinson College, and Brinkus Institute, with dates from April 14, 2021, to April 15, 2021.

Allows nurse to schedule the patients second dose appointment. Patient will be able to review their appointment on their personal dashboard.
